## Intense Skin Moisturising Cream

### PRODUCT DESCRIPTION

An intense skin moisturising cream containing a highly innovative complex blend of active skin ingredients to immediately support regeneration of very dry, work stressed skin. Helps maintain the skin barrier function, enhance skin condition and elasticity and provide long lasting moisturisation.

### WHERE TO USE

For use in industrial and healthcare environments to provide immediate moisturisation, especially where employees are prone to very dry or stressed skin.

After-work skin restore creams help to maintain the skin in healthy condition by keeping it strong and supple, avoiding dryness. Using restore creams is an important element in skin care best practice.

### INSTRUCTIONS FOR USE

- Apply 1ml to clean and dry skin prior to extended breaks and at the end of the working day
- Rub on all areas of the hands, including between the fingers and around the fingernails.
- Can also be used on the face

### CERTIFICATIONS

#### ECARF Seal of Quality

The European Centre for Allergy Research Foundation (ECARF) awards the ECARF-quality seal to allergy-friendly products.

Cosmetics can receive this seal when following criteria are met:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitisation, taking into account their specified conditions of use and amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

### QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

#### Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

### COMPATIBILITY TESTS

#### Glove Compatibility

In independent testing, the use of Stokolan® Intense in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using BS EN 455-2:2009 test methodology.

### EFFICACY TESTS

#### Moisturising Test

Stokolan® Intense has been proven to increase skin hydration by 40% after a single application and deliver long lasting moisturisation for up to four hours without reapplying compared to untreated skin. Testing shows the skin's moisture is increased by 21% two hours after use and by 9% after four hours.

Stokolan® Intense applied twice daily can help in a continuous increase in the hydration of the stratum corneum.
